cum, play with me

I've always been a tough one to pin down, except in the bedroom that is. I quickly lose interest in men. Note that I said men, not sex. I love sex with men, it's just men I don't have much patience for. I like women, too, but there's just something about a real flesh and blood cock in me that I find really exciting. And then when they squirt at the end, my mission is completed!

It's never a good thing to cheat when you're in a relationship, married or not. But just because it's not a good thing, that doesn't mean good things can't come out of it. Like anal sex, in my case.

I was strictly a pussy fuck until I cheated one night after getting pretty buzzed on booze. It loosened me and my sphincter up that I actually let a guy in my backdoor. And now I love it. Oh, what had I been missing all along!!!

WOULD I CHEAT AGAIN -- YES

What you might consider cheating, I would consider a hook up. Since I have a pretty open relationship, those kind of words don;t hold much water. But what does, is how much I want to have sex and every guy is different, so I like to sample the pleasures of the world. I cannot be bothered mentally if I'm cheating or not, I'm here for a ggod time and to show one to my partner. To me, that is just good clean fun!

the mice will play

Infidelity is a two way street., but men seem to do it a bit more than women, but not by much. More than 2/3 of married men will cheat at one time or another while 50-60% of women will. But only 20% will get a divorce because of it!

Ever since I found out my husband was cheating on me, I've tried to change for the better. That is: maybe it was me that contributed more than I thought to the situation. He opted for a younger, leaner woman, not the soft cupcake he came home to every night. Granted, he shouldn't have done it in the first place, but that can't be changed now. And, no, I'm not misdirecting the blame onto myself. The bastard did what he did and I promise he's not going to do it again. One thing did come out of it, we've become more open and honest in our relationship, and strangely, I feel more secure now than I did before it happened.

So I began a workout routine at the gym and hired a personal trainer to make me concentrate and keep me focused. Her name was Shelby and she was hot as hell, tall, dark hair, nice tits and an ass anyone would die to have and smack for that matter. As the workouts progressed, there was a lot of flirting

going on between us and the occasional grabbing of my breasts.

Today was no different, Shelby teased me that since I had been working out, it looked like my ass was getting smaller, and she'd slap me on it. After about four months and a

rope with me, go through entire aerobics workout with me and lifting weights, too. We got really sweaty from the workout and I blurted out, "I'm gonna take a shower. You want to save water and join me?" Shelby laughed and said "Sure." This kinda shocked me but Shelby

tremendous improvement on my part, we became more workout partners rather than trainer and pupil.

Shelby would run on the treadmill next to me, jump

grabbed my hand and we headed towards the ladies locker room together.

I turned on the shower then walked over to Shelby in her shower stall and starting kissing her. Her

lips were so soft and they felt good on mine. The kissing intensified as I could feel Shelby's hand on the small of my back pulling me in closer to her. Almost unconsciously I started kissing her breasts and then her nipples which were already hard. I just could not resist sucking on them. I leaned down and licked and suck on Shelby's breasts and I heard her moan.

Her shaven wet pussy looked so inviting, but I held off thinking I might be going to far. Shelby pulled me up and started kissing me slowly, kissing down her neck to her breasts. She circled my nipple with her tongue making my nipple hard and my pussy wetter. Shelby started rubbing my clit with her fingers. I pull away whispering that we shouldn't be doing this just loud enough for her to hear my over the shower rain. Shelby put a wet finger to my lips to hush me up and started kissing me again as the water danced off our naked bodies.

As we kissed, our hands were wandering all over each other. I took the shampoo and started washing Shelby's long dark hair. I pulled her hair just a little and Shelby gasped and said "Do it

again..." And so I pulled it again to Shelby's delight. I rinsed off Shelby's hair and made my way down towards her pussy. Shelby spread her legs open wider the lower I got. I pushed Shelby's labia open and gently licked her pussy. Shelby moaned and I started gently licking her clit up and down, then stopped to gently suck it even harder.

Shelby's warm, soft pussy tasted good and I dove in deeper licking her slowly then a little bit faster. The water was splashing off my face, but I didn't care. Shelby spread her legs wider. I spread her lips wide open and dove in fucking her pussy with my tongue. Shelby moaned louder and I then slipped two fingers into her now dripping wet pussy. I starting sucking on Shelby's clit as my fingers moved in and out of her sweet pussy.

I could feel Shelby's pussy tighten up. Knowing she was about to cum made me go crazy licking her clit like a mad woman. Shelby put her hand on my head pushing her mouth harder on her clit. The build up was huge and Shelby came hard her whole body quivering. She came so hard she squeezed my fingers out of her pussy.

Dear *Cheating Housewives*,

Finally a magazine that tells and shows the truth. Yeah, I know it's all about boobs, pussy and ass, but I don't know anyone else that has tried to tackle the subject of infidelity in pictures and stories. I also know that many of the girls are porn stars, but there are many I do not recognize and if their pictures tell the story, then there's an awful lot of cheating going on.

— Andrew, St. Paul, MN

Why do you need to do a magazine that condones cheating? That is one reason that the fabric of America is falling apart, and it's also the reason that I'm no longer married. I came home after work and found my man in our marriage bed with another women, who shall remain nameless. I couldn't deal with it and now I'm on a personal crusade to change America's terrible habits. I'm not cleaning it immoral, but an ongoing travesty of the sanctity of marriage. I hope your male readers will listen ad reconsider before you cheat.

— Leslie, Denver

so this is how it starts?

Shelby then took my fingers that had been in her pussy and started licking

her own juices off her fingers. We smiled at each other, but then couldn't help but start laughing as the water fell on both of these naked exhausted bodies. We finished cleaning up, got dressed and kissed each other good night. For the next couple months we would finish off our workout in almost the same manner until one day Shelby got another client to train. I have not said anything to my husband because we women know how to keep secrets, especially one's like this. It has also made living with a cheater a bit more palatable. If you could, I know that you'd do the same.

—Lauren in Santa Monica

She gazes across the room at his lithe features as he nears her. The strong contours of his face, her eyes tracing the outline of his broad shoulders that seemed to span the room. A swell begins to form inside her as she traces the length of his arms with the tip of her tongue along the inside of her lips.

He pretends not to notice the penetrating stare that indicates her desire welling for him. Casually sauntering towards her, he reaches out and takes her small hand in his. The size of his hand dwarfs her tiny hand and she begins to realize that the tale of size predicted by a man's hand must surely be true. She shudders at the thought of a massive cock slipping into her warm pussy.

Her mind fantasizes his naked body, showering his skin with gentle nibbles as she tastes every inch of his manly surface. Feeling the moistness left behind as she hungrily slips farther down his abdomen, her mind races at the very thrill of his hot cock slipping between her lips. Her heart quickens as she draws nearer still to that hardening mass she can feel pressing against her body.

A slight tremble weakens her knees as she reaches downwards to his now erect cock. A moan escapes her parted lips as she takes his manhood fully in her hand and tugs gently against it. She feels his hips grind forward, trying to press inside her body.

The moment she feels the heat rising from his groin, she slides her tongue tenderly caressing the tip of his puls-

ing manhood. Allowing her mind to see the engorged structure thrusting deeper still into her waiting mouth, she is overcome with desire and fully swallows the first half of it to a point of gagging. But she fights the urge and tries harder to gulp down his swollen cock.

She reaches to her own soaked patch and begins to massage her clit as she sucks gently on his hardened cock. She gasps somewhat at the thought of their combined orgasms. Feeling his hot cock pumping violently inside her as he unloads himself deep into her mouth. Her own body grinding in rhythm to the pulsations she feels in her throat.

His hand reaches around the back of her head and she hears his breath quicken as he nears that moment of eruption. He gently pushes her face deeper into his groin. Grasping her hair, he forces her head farther still into his body and he moans a deep, low wail. She intensifies her own massaging of herself as she nears that moment of total surrender.

Without warning, a slightly salty taste fills her mouth, followed by a warm rush of sweetness. The thick cum now sliding deep along the walls of her throat, seeming to drain out of her own twitching dripping pussy. Her face now planted as deep as she can, his cock is fully in her throat and she laughs inside at the feeling that has overcome them both. Thank you for that. I have so longed for you she whispers as she casually backs away.

Mrs. Smith, is there something on your mind? Are you still with us?

Of course, I heard every word?

Yes, you can call me a bad girl, but do it in a good way. I'm very open to having sex with a lot of guys and a lot of girls too. Brooke Banner

I'm blonde
and hot.
So what!

I like to be in control of all aspects of my life, but sex is just one of those things that seems to have a mind of its own. Especially when there's a well-built, well-hung dude that's making eyes at you and you can't resist and you fall under his spell and the next thing you know you're in the men's bathroom at a club sucking his dick. Oh, did I lose control there?

I'm an old school kinda girl where cheating was strictly forbidden. But I did taste the forbidden fruit one time and I regretted it. Not that it wasn't fun getting banged by a will hung stud, but my mind afterwards was noting I wanted to fight with. I don't think that lifestyle is for me.

I'm everything you want

It's very difficult to stay loyal in today's world and at my age. There are so many temptations out there that a girl just has to be careful. And I wasn't. I lost control one night and ended up sleeping with someone else. That made me feel really bad. But when I told my husband, he was very adult about it. But he said that I had to be reprimanded by getting him and me another woman to fuck us both. I said that wasn't much of a punishment for me. He said that we'd have to do it again and again until it was.

6 months of bliss

Lorraine was so excited about their upcoming anniversary she went for a Brazilian wax, a mani and pedi and a new coif. They had been together only six months but the excitement was still new and the adventure still made her tingle. Steven was a different kind of lover. One that cared for her, but made her earn his love. Not like Frank, her husband, who just seemed to go through the motions. Ten years of going through the motions with him was no longer exciting and Lorraine was feeling the best years of her life slipping by.

Thursday was their anniversary and Steven made special plans for a night out including dinner and romance. Lorraine was all excited and used her favorite excuse to leave her hose and Frank. "I'll be making jewelry with the girls till late tonight because we have to get the designs shipped out tomorrow. So don't wait up for me." Frank barely looked up from the Thursday night football game as she headed out the door. She arrives at the restaurant to find Steven standing by his car in the parking lot with a small gift box in his hands. She walks over to him and with a small kiss on the cheek they go inside.

Like most things with Steven, dinner was wonderful. Great food and

nice conversation with talk of travel, sex and finally the presentation of her gift. She resisted all evening to ask if it was for her, because it obviously was. "You can't open it until we get back to my house," he said. She smiled and shook it gently near her ear.

When they returned to his house he began putting his plan into operation. They settled in the living room and Steven turned on the television.

"Do you wasn't to watch anything in particular?" she asked. "You. With-ing in passion, coming multiple times, screaming my name," he said. Smiling, she decided to play along, "Really. So you think you can do that?" "It's what you asked for, isn't it?" he responded. "And now you are going to get it!"

Right on cue, he lowered his mouth and his lips descended to hers, devouring her with his hungry kisses. She felt herself responding to his fierce passion, scarcely noticing when he had drawn her to her feet and began stripping her of her clothing. Distracted by his lips and tongue in her mouth, she did not notice her semi-clothed state until his hand closed around her ample breast, his fingers swirling over the sensitive nipple, making it stand up.

Ten years of going through the motions with him was no longer exciting and Lorraine was feeling the best years of her life slipping by.

He took her hand and firmly pulled her to the bedroom. She stumbled to gather her clothes and he turned back to her and said "Leave them." There was a small lamp glowing in the corner of the room, illuminating the bedroom with a warmth she liked. As she felt the backs of her knees touch the edge of the bed he dropped to a crouch before her, taking her last remaining item of clothing, her panties from her. She now stood naked before him, a fact that he used to his advantage, nibbling and caressing her flesh, paying particular attention to her now stiff nipples before dipping down to part her

rapidly moistening labia and swipe his tongue across her pussy lips.

Lorraine felt light-headed momentarily but composed herself and pulled him to his feet, her hands dropping to caress his still clothed hardness. Before she could do anything, he grabbed both her wrists putting them behind her back and holding them there. This position brought them tightly together, and he kiss-whispered into the pulse point on her neck just below her left ear, "Happy anniversary, babe. I'm in charge here tonight. You'll do whatever I say and you'll enjoy whatever I do."

Steven was an aggressive lover, but he hadn't talked like this before. She closed her eyes and moaned, and he continued, "You are mine! To do with as I please!" he growled into her neck, then pushed her gently onto the bed. She was a feast for his eyes. Her eyes were fixed to him as he began to remove his clothing and as he removed his last item of clothing, his fully erect cock sprang into her view and she unconsciously licked her lips. Noticing her response, he walked to the head of the bed and crawled on to it, bringing his length within reach of her mouth. She lunged forward, engulfing him between her lips and began to suck his throbbing cock, as he hissed in appreciation of her skills.

He quickly moved to straddle her head, keeping his cock within reach of her mouth, while allowing his tongue access to her tasty treasure. She moaned around her mouthful when he flicked his tongue across her labia, before settling to licking her clit, eliciting moans from her as

she continued to work his rod with her sucking mouth. But eventually she couldn't hold her head up anymore, and she dropped it back to the pillow. With that he carefully rolled off her and the bed, and bent to retrieve a few necessary items from his closet. A large foam wedge he placed under her butt, lifting her pelvis off the bed. He then retrieved the other items; a bottle of lube and the gift box he had given to her at the restaurant. She opens it to find a beautifully designed silver butt plug. Under different circumstances perhaps, Lorraine would have thought it a little unusual or even perverted, but under these circumstances, she was thrilled to receive it and use it.

Steven returned to his task at hand and went back to devouring her tasty wet pussy. He licked her clit, sucked her plump slippery lips into his mouth, and delved his fingers into her pussy to coax pleasure out of her g-spot. She moaned and writhed against his fingers pulling them deeper into her pussy, but Steven pulled them out and as her excitement rose, he reached for the new toy, wetting its tip in the velvet folds of her tunnel, getting it thoroughly wet before sliding it down to her tight puckered ass. He turned the vibrations on to half speed and began to work the tapered tip of the plug into her, all the while continuing his oral assault on her clit.

He pulled the plug back a bit and quickly added a squirt of lube from the bottle to her ass and the toy. Sufficiently lubed, he began working it farther up her back tunnel, slowly stretching the ring of her sphincter, the slight rubbing against this sensitive taboo spot adding to

her arousal, making her moan and writhe even more energetically. They had been experimenting with anal sex for a few months, adding it into their repertoire occasionally, slowly increasing the size she could take. This plug was their widest yet just over the width of the head of his cock.

As he finally worked the full plug into her ass, as the widest point passed her sphincter, she exploded into orgasm, thrashing and squealing, his tongue a blur across her engorged clit. The pleasure seemed to go on forever and the plug in her

butt, prevented from expulsion by the slight constriction just past the widest point, caused her anus to tingle with naughty delight, adding to her bliss.

As she came back down from her high, he placed his throbbing cock at the entrance to her now sensitized vagina and began to slowly slide it into her. The reason for the wedge under her now became apparent as the angle this induced caused the head of his cock to rub against her

g-spot with every thrust. She found herself beginning that climb to ecstasy again before she had even finished coming down from the first one. Seeing her reaction, he began to thrust into her with increasing speed and force, amplifying his efforts by turning up the speed of the vibrating plug still deliciously stretching her ass, until she was once again on the cusp.

He leaned down and took one of her nipples into his mouth, sucking hard and pushing her over the edge again into orgasm, narrowly avoiding that fate himself as her incredibly sexy display of pleasure, and ripples in her clasp channel almost pulled

him over the edge with her. Flushed with excitement, he pulled out of her, reached down and gently pulled out the now silent plug from her rear. Adding another long squirt of lube to her quickly contracting ass, he placed the head of his cock at her back door, and began to push his rod into her ass. At this new invasion, her eyes flew open. Biting her lip at the strange sensation of his smooth hard cock in her ass for the

first time, he proceeded to slowly feed the rest of his length into her.

His near-orgasm of a minute earlier, almost set him off on his first stroke into her. Steven's need to take it slow to allow her to get used to this, worked in his favor, letting him settle down little by little until he was seated firmly in her anus. Pulling slowly back until only the mushroom head of his cock remained embedded in her, he added another squirt of lube along his length and began to push back in, sliding more easily now with the increased slickness. The slight rubbing of his shaft through her now aroused sphincter, began once more to send jolts of pleasure to her molten core.

He once more reached down to her still sensitive clit, rubbing it in fast counterpoint to his slow strokes in and out of her butt. The tight passage pushing him all too fast toward his climax, as the friction along her ass-ring blended with that of his fingers on her clit. It was to be a close thing, but after less than two dozen slow strokes, he found himself uncontrollably thrusting out his orgasm, spewing powerfully into her ass, each pulse felt in her stretched rear, until she reached her third climax of the night just after his subsided. Pulling himself out of her, he then pulled her against him, their panting, heaving chests pressed tightly together as they both wrapped their arms tightly around each other, kissing passionately between breaths.

Looking into her eyes with a naughty smile he said, "Happy Anniversary." he gasped.

"And to you." she gasped.

I know what gets you off!

All you guys are all alike. You want what you can't have and then you chase it down like a wolf after their prey. Sometimes you win sometimes you don't. I have studied the Masters and Johnson report on *Human Sexual Response* for years and it has taught me how you guys think. It's all about pussy, which is fine with me because I have one and I like to have it fucked. And I have a mouth, which you guys want to have wrapped around your cock and that's okay. And I have an ass, which you guys will never get!

WOULD I CHEAT AGAIN -- YES

DID I ENJOY CHEATING -- YES

Cheating cost me my marriage and another relationship or two over time. It's a situation that goes both ways, but either way, its not cool but you don't think that at the time. You just want the attention or to get your rocks off with someone else. If you have a mind to do that, don't get into a marriage or relationship. I know you can't predict what's going to happen, but talk it out before you do something to cost you your man, or woman.

I'm too young to think about cheating. As close as I have come is hearing about it from my girlfriends. How their men would check out other girls and sometimes hook up with them. I don't want to face that in my relationships and don't expect my man to do it either. That's why I'm trying to expend a lot of sexual energy now so I can settle down to once-a-month sex in married life.
